Who can apply to use the INCD infrastructure?

INCD is open to researchers from Portuguese scientific and academic organizations in all areas of knowledge.

Can researchers from foreign organizations apply to use the INCD infrastructure?

- Researchers from foreign organizations can be eligible to use INCD when they cooperate with Portuguese researchers in common projects, initiatives and infrastructures.
- The initial application form must be submitted by a researcher from a Portuguese academic or research organization, and when approved further users can be added either national or international.

How to apply to use the INCD infrastructure?

Please fill the “New request” form available at: <https://portal.incd.pt>

How much time will it take to get an answer and gain access?

- Depends on the size and specificities of the request.
- If your project is approved and resources are available the process will take less than one week.
- Projects requiring fewer compute and storage resources are generally easier and faster to accommodate.

How to contact us?

You can contact us via e-mail to the INCD Computing Services helpdesk address in: [INCD](#)
