

# Allowed directories for users software installations

There are a few options for local users installation locations as showed on the next table, create appropriate paths bellow the base directory.

Site	Base Directory	Comments
INCD-Lisbon	/home/GROUP/USERNAME	
INCD-Lisbon	/data/GROUP/USERNAME	
INCD-Lisbon	/data/GROUP	<i>available on request and a responsible must be appointed</i>
INCD-Lisbon	/exper-sw	legacy location, to be moved whenever possible
INCD-Minho	/home/GROUP/USERNAME	
ISEC-COIMBRA	<i>none so far</i>	

- GROUP: User group name
- USERNAME: User login name

“ **NOTE** Some applications may have dependencies requiring cluster wide installation of packages, please contact the [INCD support helpdesk](#) on those cases.
