

# 2022

- **Facilitating access to HPC via Containers** [\[materials\]](#)
  - LatticeNET School on Computing in HEP 2022
  - Location: Benasque, Spain, 18-19 September 2022
- **Infrastructure for Storage and Sharing** [\[materials\]](#).
  - Training Data Stewards for Life Sciences, Biodata
  - Location: Virtual, 7 March 2022
- **Introduction to HPC basic level** [\[materials\]](#)
  - Location: Virtual 12 and 27 September 2022
- **Course on Computational Biosciences using HPC systems** [\[LINK\]](#)
  - Location: Virtual, 12-29 September 2022
  - Module 1 - High-throughput Sequencing Data [\[materials\]](#)
  - Module 2 - Transcriptome Assembly [\[materials\]](#)
  - Module 3 - Phylogenomics [\[materials\]](#)
  - Module 4 - Structure-based Virtual Screening [\[materials\]](#)
  - Module 5 - Molecular Dynamics [\[materials\]](#)
  - Module 6 - Hybrid Quantum Mechanics/Molecular Mechanics [\[materials\]](#)

---

Revision #13
